

## **Conservation Area Management Division ENVIRONMENTAL POLICY**

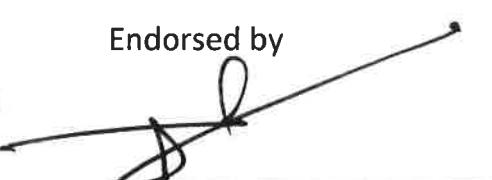

Conservation Area Management Division (CAMD) was created in January 2020. This division manages two (2) of the conservation areas in Yayasan Sabah Concession Area. The two (2) conservation areas are (1) Maliau Basin Conservation Area and (2) Imbak Canyon Conservation Area. The main responsibility of CAMD is to manage the conservation areas (MBCA & ICCA) in a sustainable way.

Conservation Area Management Division is committed to protect the environment and will minimize the environmental impacts from our activities, products and services. To achieve these, we shall: -

1. Comply with environmental legal requirement and the National Policy on Environment
2. Consider environmental factors in all divisional strategies and decisions
3. Promote environmental education and awareness to our staff, students and the community
4. Strengthen the 3R (reduce, reuse and recycle) policy
5. Encourage the use of low-energy appliances and moving toward renewable energy
6. Minimize impact on environment by encouraging the usage of environmental friendly materials
7. Encourage and enhance biodiversity and ecology
8. Constantly improve and monitor environmental performance.

This policy will be communicated to all staff and guests and shall be available to the public.
